

# NEPTUNE 300 Wash IP65 W-DMX

---

## LEDMOV630

Following the success of the Neptune series the latest edition is the 300 WASH IP.

We have refined the features to provide super smooth and fast pan, tilt and zoom from 3.5° to 50°, 2 beam modes, soft or hard options which are user selectable from the fixtures extensive menu system.

Like all Neptune fixtures, it is complete with global standard W-DMX. New 40W LED RGBL emitters provide an extended colour gamut with high colour rendering.

The pixel ring allows the user instant eye candy effects via onboard macros. This fixture takes the IP 7 chip moving wash to the next level with performance that totally outweighs the price.
