

LED HOUSE LIGHT

LEDPAR330 (White housing)

LEDPAR331 (Black housing)

State-of-the-art LED House Light with consistent warm white output suitable for live and broadcast applications. Construction and feature-set designed for permanent installation in venues requiring flawlessly rendered house lighting both on and off camera.

FEATURES

- Silent operation due to advanced convection cooled design
- Adjustable PWM frequency ensures flicker-free, camera-safe performance
- Removable yoke and permanent cable anchor for pendant suspension mounting
- Three interchangeable lenses to match beam angle to mounted height
- Optional egg crate diffuser and top hat accessories
- 4.5 meter hardwired power lead
- Ultra-smooth dimming
- DMX control, RDM

LED HOUSE LIGHT

LEDPAR330/331 SPECIFICATIONS

Light Source: 230W Warm White COB / 3160K / CRI: 93
 Output: 1942 / 755 / 422 LUX @ 5 meters
 Strobe: 0-25 Hz and strobe FX macros
 Control: DMX, RDM
 Built-in Programs: Yes
 Mains: 100V-240V, 50/60 Hz
 Power connections: Hard-wired (4.5 meter lead)
 Housing: Aluminium
 IP rating: IP20
 Dimensions: 162mm (diameter) x 442 mm

Beam Angle: 15° / 30° 42°
 Dimming: 4 dimming curve modes
 DMX Channels: 2 / 3 / 5
 Display: OLED menu
 Consumption: 120W
 Data connections (1): Terminal Block In/Out for DMX
 Data connections (2): 5-pin XLR In/Out for DMX
 Finish: White or Black
 Cooling: Convection (fanless)
 Weight: 6.3 KG
