

LED TRUSS MATE II BATTERY OPERATED

LEDTRU102

The LED Trussmate broke all of our sales records when it came to truss warming fixtures, but its reign at the top may soon be over!

The LED Trussmate II takes all of the features that made the original such a success... 3 powerful 3W RGB leds, tight 15degree optics, M10 & M12 rigging options and 3pin XLR DMX in & out, all in a compact die-cast housing and combines them with a battery power system providing you with 7hrs of full RGB operation. The unit also comes with an IR remote control, making it the ultimate in standalone trusswarming or uplighting solutions.

Specifications

Product	LED Truss Mate II Battery Operated
Code	LEDTRU102
LED Quantity	3 x 3W RGB LEDs
Power Supply	100-240V AC, 50/60Hz
