

THRILL Compact PAR Mini LED

Mini wash light

Wash light to take your event from great to brilliant

The THRILL Compact PAR Mini LED features 36 pre-programmed colors along with full RGB color mixing so any color in the spectrum can be created. THRILL Compact PAR Mini LED also features electronic strobe/dimming.

Easy plug-and-play control

An included wireless remote control makes programming a breeze, simply point and click to get the color you want, or run the pre-programmed settings.

Let the music do the talking

THRILL Compact PAR Mini LED features a built-in microphone—simply turn on the sound trigger and let the beat of your music THRILL your audience. In addition, the fixture has four professionally programmed preset shows that can be run with no lighting experience required.

THRILL Compact PAR Mini LED, packs a wallop of light for its small size. This LED fixture will illuminate your party or event with full, intense and saturated colors. Seven 3-watt RGB LEDs give a uniform field of light that is perfect for wall washes, truss toning and front or back lighting. The sit-flat design makes the light easy to slide under tables, tuck inside a truss or into any tight spot.

KEY MESSAGES

MARTIN HERITAGE

For 30 years, the Martin brand has been the leading choice of professional lighting designers, rental and production houses, and installers across the global architectural, commercial, and entertainment lighting markets. With the THRILL series, Martin is bringing its industry-leading excellence in dynamic light and visual effects to new audiences by providing more affordable and easier-to-use models, while still retaining a die-hard dedication to quality and our customers.

PORTABLE AND LIGHTWEIGHT

Its portable and lightweight design and included remote makes the THRILL Compact PAR Mini LED ideal for on-the-go entertainers and small venues working with limited stage footprints. It's also perfect for rental companies who want to supply lighting solutions for smaller setups that do not have the budget for professional lighting operators.

LOW-PROFILE, SIT-FLAT DESIGN

Featuring a sit-flat design, the THRILL Compact PAR Mini LED can sit perfectly flat on the ground with its cabling directed to the sides. This gives you the freedom to fit the fixture into tighter spaces, such as underneath tables or for uplighting purposes to illuminate structures at 90° with little hassle.

SETUP IS A BREEZE

With the THRILL Compact PAR Mini LED, setup has never been easier. Layout up to 32 fixtures in a master/slave configuration and quickly daisy chain the power and data connections together. For added flexibility, THRILL Compact PAR Mini LED can be used as either a hanging fixture or a floor-standing fixture via the included multi-function bracket.

PERFORMANCE

The THRILL Compact PAR Mini LED features 36 pre-programmed colors along with full RGB color mixing so any color in the spectrum can be created. THRILL Compact PAR Mini LED also features electronic strobe/dimming. An included wireless remote control makes programming a breeze, simply point and click to get the color you want, or run the preprogrammed settings.
