

THRILL Mini Profile

Compact LED Moving Head

Moving LED light

From moving beams of light and gobo projections, to color and strobe effects, you get it all with eight choices of color and eight different gobos to choose from. Shine a spotlight and so much more on your star performance with the THRILL Mini Profile.

Feature-packed at only 4.3 kg (9.5 lb.)

The THRILL Mini Profile delivers super-sharp optics with over 800 lumens of output via an 18 W white LED engine. Eight varied gobos and eight vibrant colors are available, with electronic strobe/dimming, manual focus and high-speed pan and tilt.

Let the music do the talking

THRILL Mini Profile features a built-in microphone—simply turn on the sound trigger and let the beat of your music THRILL your audience. In addition, the fixture has four, professionally-programmed shows that can be run either standalone or with daisy-chained units—no lighting experience required.

Imagine having the ability to integrate the moving beams of light, shine spotlights when and where you need them, or add the dramatic effect of colors and “gobos” flying around the audience during your live shows. Now you can with the THRILL Mini Profile. Martins smallest and most affordable moving head to date. THRILL Mini Profile has been designed to help DJs, musicians and entertainers take their performances to the next level—whether they’re in lounge bar or pub, to a wedding or high-energy dance floor.

KEY MESSAGES

MARTIN HERITAGE

For 30 years, the Martin brand has been the leading choice of professional lighting designers, rental and production houses, and installers across the global architectural, commercial, and entertainment lighting markets. With the THRILL series, Martin is bringing its industry-leading excellence in dynamic light and visual effects to new audiences by providing more affordable and easier-to-use models, while still retaining a die-hard dedication to quality and our customers.

PORTABLE AND LIGHTWEIGHT DESIGN

Its portable and lightweight design makes it ideal for on-the-go entertainers and small venues working with limited stage footprints. It's also perfect for rental companies who want to supply lighting solutions for smaller setups that do not have the budget for professional lighting operators.

EASY SETUP AND CONTROL

The THRILL Mini Profile is easy to setup and control. Use it as a stand-alone unit for a dramatic moving head lighting effect or layout and daisy-chain together up to 32 fixtures together. Thrill the crowd with any of the 4 pre-programmed shows or get hands on and create your own custom light shows by integrating THRILL Mini Profile with any DMX controller.
