

# PRO HAZE 3500

**SHOW**PRO

---

## PSHATM110

Looking for a professional-grade haze machine that can deliver symmetrical and thin smoke without any burnt smell. Look no further than our ShowPRO Pro Haze 3500, which comes in a small body with a convenient flight case.

Our ShowPRO Pro Haze 3500 features a new heating system that allows the haze to mix with air in the pipe, resulting in refined and dry haze. Plus, the never-jammed patent technology ensures that your machine won't get clogged during use.

Our ultra-low fluid consumption design means that you can get up to 1.5 hours of use out of just 1L of fog fluid, making it more energy-efficient and environmentally friendly. And with 0-100 precise adjust smoke output, you can customize the effect to perfectly suit your needs.

## Specifications

### Electrical

Power required:	240V/50hz
Power:	1500W
Current limiting safety	10amp

### Performance

First heat up time:	3 min
Output:	100cu.m/min
Fluid consumption rate:	99min/L

### Control System

Control mode:	Manual control, DMX 512 Signal control, wireless controller included
DMX CH:	CH1:pump/CH2: Fan

### Physical

Tank Capacity:	3L
DMX connectors:	Powercon 3+5 Pin DMX
Weight:	20KG
Size:	610*195*520mm
