

UNI FOG DMX

PSHATM140

Are you looking to add some extra atmosphere to your next event or performance? Look no further than our ShowPRO Uni Fog DMX machine. With a range of 180 degrees, you can adjust the angle to perfectly suit your needs. Simply loosen the bilateral knobs, adjust to the desired angle, and tighten them back up.

It features immediate-stop patent technology to prevent excess fog spraying. If you need even more fog power, just turn on the Turbo temperature Select Switch.

Combine multiple machines for an even more impressive effect, similar to the CO2 on stage. Don't settle for a lackluster event or performance - add some extra ambiance with our ShowPRO Uni Fog DMX machine.
