

Expo Bar

SHWBAR120

With an 8 x 10W RGBW array, the Expo Bar can be placed anywhere and provides ambience to any space easily, thanks to its built-in battery and onboard Wireless DMX control. Lightweight and IP65 rated, it's not limited to indoor events and is just as suitable for outdoor events. Predefined static colours, auto modes, and app-based control makes setup simple for anyone, whilst full pixel control enables complete control and dynamic effects to be achieved.
