Blinder FX - Bundle of 4

SHWBLI100

The Blinder FX is a powerful and versatile blinder designed to deliver bold, impactful looks. Featuring an RGBAL array with individual cell control alongside dedicated warm and cool white LED strips, it offers a wide range of colour and the ability to create dynamic, multi-dimensional effects. With an IP65 rating and robust aluminium magnesium construction, the Blinder FX is well suited to both indoor and outdoor applications. Supplied as a bundle of four with a dedicated flight case and halogen lens sets, the Blinder FX is a practical solution for enhancing the atmosphere and visual impact of any production.
