IonPAR - Bundle of 6

SHWPAR115

With the ability to operate on battery power or to be connected to mains, the IonPAR offers the flexibility to adapt to a wide range of events and applications. An array of 7 x 10W RGBW LEDs allows this Par to deliver plenty of punch while producing saturated and vibrant colours. With an included IR remote, app control, W-DMX and wired connectivity, the IonPAR provides a range of control options to suit different setups and requirements. At just 4.9kg, the IonPAR is also lightweight and easy to transport, position and rig.
